The sale of the flash drives happen one time last year. The eBook was on the media in error. Only a few of the drives sold and there is no record of whom purchased the drives and no more drives have been sold since that one event. There is no intention of the selling of any media containing "Killing Cancer -- Not People". I pose no threat to Mr. Wright in any shape, form or fashion.

I have made numerous purchases of the book in hard copy and numerous referrals to people to purchase the book.

Thanks,

Nicholas Gordon 6A
